

JUMBO SOCCER CLINICS COVID-19 PROTOCOLS

For the safety of all campers and coaches the following protocols have been established and will be followed at each session of the clinic:

- All participants must fill out and sign the Health Form, the Waiver and Indemnity Form and this form prior to arriving at the clinic.
- Upon arrival at the clinic campers will have their temperature checked and will be asked a series of health-related questions BEFORE exiting their vehicle.
- The camper will be asked to have a mask on before they exit their vehicle.
- Any camper who has a fever, or any symptoms of COVID or is not feeling will be asked to leave.
- If you are in a high-risk category for COVID we do not encourage you to attend the clinic.
- After the participant exits her car she will be given hand sanitizer to wash her hands and will be instructed to head directly to the field where a staff member will be present to ensure social distancing.
- Each camper will be assigned to a team (teams will be anywhere from a minimum of 10 to a maximum of 15 participants). They will stay with their team for the duration of the clinic.
- Each camper will be given a clean/sanitized practice pinnie which she will wear the for duration of the clinic.
- Face coverings and social distancing of six feet is required when participants are not actively engaged in an activity (e.g., on bench, huddles, breaks, etc).
- Each camper will be required to bring their own water bottle and enough water to last the duration of the clinic.
- Only one camper will be allowed in the rest rooms at one time.
- A certified athletic trainer to be present for each clinic.
- Depending on which phase of the Massachusetts re-opening we are in will determine whether or not the clinic will be solely skills instruction or full contact with competition.

We check the Massachusetts and City of Medford health and safety guidelines regularly and will adjust our protocols accordingly.
